Subject: Letter of Recommendation

To Whom it May Concern,

I am writing this letter of recommendation for Pratham Saraf and highly recommend him for Machine Learning Internship.

I have known Pratham for two Months. He has worked as a Machine Learning Intern in Acciolbis, under my guidance.

Pratham is a hardworking and amazing Engineer who takes on new projects with a “can-do” attitude and manages to complete the work.

I was especially impressed with him as he has single handedly developed the AI algorithms of First Version of our Semantic Search Engine – Accintia.

Based on our experience together, I can confidently recommend Pratham for any future Internship Opportunities.

Sincerely,

For **Acciolbis**
